

## Wendy Hau

B.Physio

### Position:

**Physiotherapist**

### Qualifications:

- Bachelor of Health Science
- Doctor of Physiotherapy

### Affiliations:

- Registered with the Australian Health Practitioner Regulation Agency (AHPRA)
- Member of the Australia Physiotherapy Association (APA)

### Accreditations:

- Worker's Compensation and CTP Accreditation – SIRA
- First Aid, Basic Emergency Life Support and CPR – CBD College

### Clinical Areas:

- Occupational health (Management of acute musculoskeletal injuries and pre-employment screening across all industries)
- Work related and CTP injuries

### Clinical Background:

Wendy has worked in several private practices across Sydney with vast experience in managing musculoskeletal conditions, sport related injuries, neurological conditions, and post-operative rehabilitation. She has a particular interest in work-related injuries and is passionate in assisting her patients to return to work and achieve their goals by implementing evidence-based practices. In addition, she is a co-author of a systematic review with ongoing work towards a journal publication. The review is titled "The effect of high-fidelity simulation-based learning in acute cardiorespiratory physical therapy – a mixed-methods systematic review".
